

*You've seen big but,
wait till you see this.*

VU[®] 98
Masterpiece TV

*The Vu 98/85
Masterpiece
QLED TV*

As the innovator of luxury technology, Vu Televisions now presents two exclusive, large sized televisions – The Vu 98 Masterpiece and the Vu 85 Masterpiece.

Keeping in mind the trends of 2023 which include viewing matches, binge-watching, and house parties, Vu has now innovated two exclusive ultra-large size televisions priced at ₹3,30,000 for the Vu 85 Masterpiece & ₹6,00,000 for the Vu 98 Masterpiece.

A Private Jet Experience

The Ultra Luxury TVs are made from 3000 Tensile Aerospace-grade aluminium metal to house the QLED panel which is the same 6061 T6 capacity as a private jet.

It's not just a conversation starter, but a symbol of class and sophistication.

A Cinematic Haven

The massive screens have 1000 Nits brightness with Dolby Vision & HDR10+ content.

They also have built-in 204Watt DJ Subwoofer that can also be paired via Bluetooth to an external speaker system for a seamless experience.

For parties that become the talk of the town.

A Sonic Landscape

The screens are 100% Anti-Glare and have a 120Hz Refresh Rate so they can be placed in bright, sun-lit rooms with spot lighting; all being absorbed into its black A+ grade screen.

*The perfect way to show off to
your guests!*

A Statement of Excellence

Easy to install on the wall, table or in an island-setting. The TV also looks equally good from the front and back so you don't have to worry about making the right space for it.

Moreover, they are as easy to use as a regular television so you do not need an external person to set up your television.

*An iconic compliment to
your home.*

From the Chairman's Desk

“Say hello to this beauty of a television which is the first item people notice in my new home and give me compliments for! It's grand, it's easy, and with Vu's Masterpiece range of TVs, you can continue to be the trendsetter amongst your friends and family.”

– *Devita Saraf, Founder and CEO, Vu Group*
