- 8 If the speaker system halted, long press the MFB to reset and power off.

Life's too short for "ok". Too short to have stuff in our lives that's "ok, I guess". "But-I'm-almost-home!" battery life. "But-it-only-fell-off-the-table" build quality. "Has-someone-stolen-the-bass?" sound quality.

We say NO to "ok". In 2021, we set out to make stuff that's better in little ways that make a big difference.

Stuff for people who expect more. Who want the songs to keep playing until they're home. Who are on a mission to stay up all night. Who want to know they'll feel great and look awesome, every day.

For people who want every day to be a 'WOW' days.
